

Kawabata English Methodology

KAWABATA ENGLISH PROGRAM:

- As a school committed to forming **independent learners** that are **critical thinkers** and **problem-solvers**, we offer a Dual language program where kids live and learn through experience.
- Kawabata students will learn how to communicate both conventionally and academically in two languages opening the doors for them to this globalized world.

Our Curriculum

- We correlate our curriculum with the **SEP program and the English Language Arts standards** ensuring a language and content based learning.

Kawabata English Methodology

- Our students are exposed to 50/50 Spanish and English immersion.
- They experience academic content regularly in two languages.
- By incorporating play in their every-day lives we make sure our students fall in love with learning, ensuring their academic success.
